Latest Dispatches Indicate Turk Fear of Attack From Bulgarians—Turks Suffer At Hands of Russ.

## FRENCH STEAMER TORPEDOED AND DUTCH CARGO SHIP IS CAPTURED

Temperance Holds Center of Stage in England—Austria Vainly Tries to Stop Advance of Russian Hosts -- No News From Italy.

By Associated Press. London, April 1.—The war on alcohol in Great Britain has taken precedence over the much talked of "Spring advance of the allies in the west."

Opinions of cabinet members and the letter of King George on temperance are intended to pave the way to either shutting off absolutely the sale of drink, or the adoption of some measure as drastic in effect. War Secretary Kitchener announced that no alcoholic beverages shall be served in his household during the war.

Austria would seem to be strengthening her forces in Bukovina, to try to stop the Russian advance. This, British observers assert, explains the Austrian incursion into Russia near Czernowitz.

Today being the centenary of the birth of Bismark, London papers speculate on what the outcome of the war would have been had Bismark been at the helm.

London, April 1.—One of the German submarines which recently have been operating so successfully off the British Isles, has sent another steamer to the bottom. The French ship Emma was torpedoed in the English Channel, and 19 members of her crew were drowned. Only two were saved.

The Emma was torpedoed without warning of any kind. The periscope of the submarine had hardly been sighted when the torpedo was fired. The Emma sunk in three minutes.

A Dutch cargo ship, suspected of having supplied fuel oil to German submarines, has been seized by British torpedo boats.

There are further indications that Turkey expects other Balkan nations to enter the war on the side of the allies. At Adrianople, the nearest important Turkish town to the Bulgarian frontier, troops are being concentrated with artillery. This is interpreted in Sofia as preparatory to a possible war with Bulgaria.

Russian and Austrian reports concerning the great struggle in the Carpathian mountains differ, but agree that heavy fighting is continuing. The Russians claim successes along this front, but the Austrians state that Russian attacks were driven back.

The Russian Black Sea fleet has bombarded several Turkish towns in Asia Minor, doing considerable damage, including the sinking of several ships.

## TURKS LOSE 12,000 MEN

By Associated Press. Tabriz, April 1.—Hostilities between Russian and Turkish forces in Persia have been resumed. On March 25 the Russians defeated the Turks in a sanguinary battle at Atkukur, in northwestern Persia. The Turks lost 12,000 in killed, wounded and prisoners, as well as many guns.

## NEUTRALITY TO BE OBSERVED

Washington, April 1.—The Villa-Zapata forces have agreed to the proposal of the United States for neutralization of passenger trains between Mexico City and Vera Cruz. Word is still awaited from Carranza.

Even with Carranza's consent, reports indicate that travel will be hazardous because of the guerrillas.

The food situation in Mexico City continues bad, but danger of another evacuation by the Zapata forces has apparently passed.

## HOLLWEG SURE OF SUCCESS

Berlin, April 1.—Dr. Von Bethman Hollweg, the imperial chancellor, speaking today at the Bismark centenary celebration in the Reichstag said:

"What Bismark created, no German will allow to be destroyed. Our enemies are raging around the empire, but we will beat them. He taught us to fear only God, to wage war against the enemy, and to believe in our people."

## KEEP COMPETENT MEN, IS ORDER

By Associated Press. Columbus, April 1.—Newly appointed district tax assessors from 70 counties, who met here today for a conference with the State Tax Commission, were told by Commissioner James Boyle to forget politics in administration of their assessing work. He urged them to retain all deputy assessors in wards and townships that were competent.

## EVIDENCE READY IN TANZER CASE

By Associated Press. New York, April 1.—Evidence against Miss Rae Tanzer, accused of using the mails to defraud James W. Osborne, against whom she instituted a \$50,000 breach of promise suit, was ready for submission to the federal grand jury today.

## DEATH PENALTY FOR COUNTERFEITERS

El Paso, Texas, April 1.—General Villa has ordered that the death penalty be applied to those guilty of circulating counterfeit paper money, large quantities of which are reported in use along the Mexican border.

## TURKS' HEINOUS WORK

By Associated Press. Tabriz, Persia, April 1.—Preliminary reports by the Russians of the Salmac plains, northwest of Urumiah, hundreds of native Christians were rounded up by the Turks and massacred. The Russians found 720 bodies in the village of Haftdewan. Some of the victims had been bound to ladders and their heads, protruding through, had been hacked off. Eyes were gouged out and limbs chopped off. A general massacre of the 10,000 or 14,000 Christians in Urumiah is expected, unless it should be averted by orders from Constantinople. Reports confirm the killing of 800 persons already in Urumiah, and 2,000 have died of disease. The maltreatment of an American missionary, Rev. E. T. Allen, is also confirmed.

## PRINZ EITEL IN NO HURRY

By Associated Press. Newport News, April 1.—That the commander of the German cruiser Prinz Eitel Friedrich has no intention of leaving for some days at least, despite the fact that hurried coaling of the vessel indicated a purpose to go, was learned here today, and it also became known that he is negotiating for supplies sufficient for a 15 days' voyage.

## LITTLE HOPE FOR SWOBODA

By Associated Press. Paris, April 1.—Additional evidence has been found, the police assert, to prove the pro-German sympathies of Raymond Swoboda, charged with being responsible for the fire which threatened the destruction of the steamer La Touraine. A villa which he occupied was searched, and papers seized which police claim, are of a highly compromising character. A photograph of Swoboda in a German uniform was found.

Washington, April 1.—Agents of the Department of Justice began an inquiry today into the issue of an American passport to Raymond Swoboda, under arrest in Paris, charged with starting the fire on La Touraine, the French liner.

## DAYTON MAN MAY BOMBARD MEXICAN CITY

Brownsville, Texas, April 1.—The probability of a bomb dropping attack by four aeroplanes on Matamoros was forecast today by H. M. Rinehart, of Dayton, O., an American who flew a Villa biplane last night to Las Rucias, four miles from Matamoros and headquarters of Villa forces now surrounding Matamoros. Rinehart flew in from Reynosa, about 65 miles west of Matamoros. He said that three other aeroplanes were due today.

## 5 KILLED WHEN POWDER LETS GO

Alton, Ills, April 1.—Five men were killed at the plant of the Equitable Powder Company, five miles from here, today, when an explosion wrecked the press mill. About 5,000 pounds of black powder were in the building. J. A. Colburn, superintendent, was one of the men killed.

## \$400,000,000 SURPLUS IS ACCUMULATED BY FEW POOR RAILROADS

By Associated Press. Chicago, April 1.—A surplus aggregating more than \$400,000,000, said to have been accumulated by six typical railroads in the last 16 years, was pointed out today as evidence that western roads, generally, were prosperous, at the Inter State Commerce Commission hearing of the western rate case.

## STATE LEAGUE MEN MEET

By Associated Press. Portsmouth, April 1.—Officials and managers of the Ohio State League are in session here today to adopt a schedule calling for 120 games, to post the \$1,000 guarantee that each team will finish the season, and to adopt new bylaws. Representatives from Ironton, Charleston, W. Va., Chillicothe, Lexington, Ky., and Frankfort, Ky., are present at the meeting, which is being presided over by President Joe Carr of Columbus.

## GERMANS TAKE 58,000 CAPTIVE

By Associated Press. Berlin, April 1.—An official statement today, says that during the month of March the German eastern army took, altogether, 55,000 Russian prisoners, and captured 9 cannon and 61 machine guns.

## PAGE HAS NOT MADE REPORT

By Associated Press. Washington, April 1.—Ambassador Page had not reported today the death of Leon C. Thresher, an American lost in the sinking by a German submarine of the British steamer Falaba, but President Wilson and State Department officials were studying the case, to determine whether the United States should bring the incident formally to the attention of the German government.

## PYTHIAN BAZAAR IS MECCA FOR LARGE CROWDS

The Pythian Castle is proving the mecca for a throng of delighted spectators and eager buyers, who are patronizing the Pythian Sisters' Easter Bazaar of today and tomorrow. The splendid banquet hall is encircled with fantastic booths, filled with the useful and the beautiful and offering every incentive to the crowd to part with its money.

Occupying the center of the big hall is the Japanese tea booth, extremely dainty in its circular latticed framework of pink and with white overhanging festoons. Pink and white sweet peas grace the tea tables and the pretty waitresses are all wearing white aprons with pink ribbons. Entering the door it is impossible not to be caught at the fish pond, one of the most alluring places of the Bazaar, all in blue and gold.

The candy booth is a beauty in purple and white, with graceful overhead canopy and palms guarding the entrance. An array of delicious home made candies tempted a continuous stream of purchasers.

Yellow and white streamers and butterflies formed the fancy work booth, and green and white, with hundreds of Easter bunnies, were employed in the frameup for "country produce." The fresh country eggs, butter and chickens were gobbled up.

Delicious home made cakes, bread, pies, etc., formed artistic setting in a lavender and white booth, and the big ice cream booth, flaunting patriotic colors, formed an excellent center background.

The colors of the order, red, yellow and blue, were used in the lunch booth, where sandwiches, coffee and beans are served at noon and in the evening.

Every booth represented lots of work. Mrs. Joe Gillespie is head of the Bazaar committee and the chairmen of the various booths are Mrs. Madge McCrea, fancy work; Mrs. Frances Bending, fish pond; Mrs. Hanna Flee, candy; Mrs. Corda Landerback, country produce; Mrs. Robt. Wilson, baking; Mrs. Ernest Arbogast, ice cream; Mrs. John Wilson, lunch; Miss Wilson, tea room.

## SUES FOR DIVORCE

Darrel E. Patton, held in the county jail for prosecution in common pleas court, criminal division, was made defendant in divorce action filed Friday by Martha Patton, whom he married at Covington, Ky., September 25, 1909. The petition recites that the husband is now charged with robbery and with falsely representing himself as a United States immigration inspector.

Patton is indicted for alleged unlawfully threatening a local Chinaman.—Dayton Journal.

## MRS. LOTTIE ARMSTRONG DIED WEDNESDAY EVENING

Mrs. Lottie Gardner Armstrong, deceased, aged 67, one of the most prominent women of Jeffersonville and well known throughout the county, died suddenly at her home in Jeffersonville about 9 o'clock Wednesday evening, as the result of an attack of paralysis.

Mrs. Armstrong had been in good health up to the time she was No. 1830

stricken with the fatal disease, and her death comes as a great shock to her wide circle of friends.

She leaves her husband, John Armstrong, and six stepsons, Roland Armstrong, of Columbus, Charles Armstrong, of Sedalia, Frank Armstrong, of Sidney, Ills., Scott Armstrong, of Detroit, and Fred Armstrong, of Dayton.

Funeral services will be held Friday at 2:00 p. m. from the M. P. church at Jeffersonville. Burial in Jeffersonville cemetery.

Mr. Charles U. Armstrong, of the Washington Savings and Trust Co., was a nephew of the deceased.

## DEMONSTRATION DRAWS VISITORS

The Eco Thermal Cooking demonstration, at the Ford Hardware Co., Wednesday and Thursday drew a large number of interested women and even the men joined them to sample the delicacies taken from the oven of this unique gas range.

The "Eco-Thermal" cooks, on receding heat, acting on the principal of the Thermos bottle, and regulated by thermometer. The demonstration was quite unusual and put forth in the various viands cooked and served the claims of the Eco-Thermal as a radical saver of labor, time and fuel.

## HEADQUARTERS ADAMS EXPRESS CO. MOVED

The headquarters of the Adams Express Company have been transferred from the old Willett building on Court street into the Worthington block on North Main street. The new offices are located in the first room south of the Y. M. C. A. Annex, opposite the Cherry hotel.

There are two rooms in the new station, the front to be used as an office, and one in the rear as a store-room.

## PRAYER AND COMMUNION SERVICES TOMORROW

Following the usual custom of observing the Easter season by prayer, meditation and communion, special prayer and communion services will be held at Grace M. E. church, Friday afternoon at 3:30 o'clock, and the pastor will also deliver a short address.

## THREE MORE JERKED UP FOR GAMBLING

The police have arrested three more men in connection with the gambling raid on the home of John Sanders Sunday. Chester Smith and Joe Dunston both pleaded guilty, and drew fines of \$25 and costs, and Charles Monroe got \$10 and the costs. All have arranged to settle. They are colored.

## FIRE DESTROYS FARM BUILDINGS

Fire of an unknown origin destroyed a smoke house and several out buildings on the farm of Henry Van Dyne near Parrett's station, Wednesday afternoon. The assistance of neighbors prevented the loss of the home.

## Buck's Greenhouses

## In Social Circles

The Browning Club held an exceedingly interesting meeting Wednesday night with about forty present. It was the last meeting of the year and the last of Mrs. Josie Kerr's presidency.

After the opening exercises Mrs. Kerr announced that a memorial service would be given in remembrance of those whom death had called away, and Mrs. Ustick offered a most appreciative little tribute in behalf of the club, honoring those who had crossed the bar during the present administration—Mrs. A. W. West, Miss Mabel Wyatt, Miss Alfreda Ogle, Mrs. James Whelpley, Mrs. Theodore Brown and Mrs. Emma Grove.

Mr. Kneisley played a plaintive violin solo that seemed the echo of the words of tribute, Miss Mabel Briggs accompanied. Mrs. Carpenter closed the memorial by reading Mrs. Browning's beautiful poem "He Giveth His Beloved Sleep."

Mrs. Henness had charge of the science department, the motto being "There are greater and better things in us than the world takes account of." The first paper was "The Religious Life of China," ably handled by Mrs. Ella Mark. The religious problem in China is one of complexity. Mrs. Mark gave a little idea of the ancestral worship and of Shantung the controlling superior spirit, but said Christianity has really worked to the top in China.

## WOULD GO FOR ALCOHOL

London, April 1.—King George has offered to set an example in connection with the drink problem by foregoing alcohol himself and stopping its use in the royal household. Baron Stamfordham, private secretary to the king, has written a letter to Chancellor Lloyd-George saying: "We have before us statements, not merely of employers, but also of admiralty and war office officials responsible for the supply of munitions of war and the transport of troops and their food and ammunition. From this evidence it is without doubt largely due to drink that we are unable to secure the output of war material indispensable to meet the requirements of our army in the field. The continuance of such a state of things must inevitably result in a prolongation of the horrors and burdens of this terrible war. I am to add that if it is deemed advisable the king will be prepared to set the example by giving up all alcoholic liquor himself and issuing orders against its consumption in the royal household."

## Governor Willis Acts Promptly

Governor Willis, in promptly announcing his determination to assume charge of the legal machinery, provided by law for listing and assessing property for taxation this spring, did exactly the proper thing.

After it was conclusively demonstrated Tuesday night, in the legislature of the state, that it was impossible to enact a law providing new taxing machinery with which the present state administration could gather in and assess property for taxation this spring, there was but one course open to the chief executive and that was to lay hold of the only legal machinery available and place it in charge of men in sympathy with the present state administration.

In following his announcement by the removal of all the district or county tax assessors, the governor furnished indisputable evidence that he was willing to assume the responsibility which attends upon making up the tax duplicates this year.

Political opponents of Governor Willis will doubtless point to the fact that the action of the chief executive places more than one hundred Republicans in good positions and disposes more than one hundred Democrats and because of that fact, charge that the action of Governor Willis was brought about by a desire to obtain positions for party workers.

That charge is not warranted. Governor Willis has made every effort to have a law dispensing entirely with those same positions, enacted by the general assembly and his efforts have gone for naught. That it was not the desire for place which caused him to oust the former district assessors and appoint new ones is disproven by the fact that only after the Attorney General raised an insurmountable barrier across the pathway of immediately effective legislation to abolish those same positions did he act.

The attitude of Governor Willis in the matter of listing the taxable property of the state may be summarized as one of hostility to the present system, yet a willingness to assume responsibility for this year's duplicate, using the only machinery available.

The position of Governor Willis is wholly justifiable. Indeed he should be encouraged for laying hold of matters in so decisive a manner.

## What Of The Combinations

The government's belief in the anti-trust suit, against the International Harvester Company, pending in the Supreme Court of the United States was filed on Monday. In that brief the representatives of the government make it plain that, so far as the executive department, the department of the Attorney General, in particular, is concerned, there is to be no let up in the fight against combinations in restraint of trade.

Both the representatives of the government and the representatives of the Harvester Company disclose in their briefs that upon the decree of the Court in that case the future course, in the matter of dealing with trade combinations, will be very largely determined.

The course of events in business and commerce during the two years last past has raised a doubt in the minds of a great many people as to the wisdom of further action along the line of breaking up these big trade combines.

The International Harvester Company, represented by Mr. Perkins of Progressive party fame, is one of the most pronounced advocates of the doctrine that these combinations should not be broken up and cannot be broken up without great disturbance in business conditions resulting. The business disturbance which is certain to follow the effort to compel all trade combinations to dissolve, Mr. Perkins and those who are in accord with his views, point out will be far greater than any benefit which will accrue to the individual citizen on account of unrestricted competition even if that can be brought into actual existence.

The question at issue in the case now pending is, to adopt the language of the parties in interest, "Shall the competitive system continue—shall competition, not combination, be the law of trade?"

Competition, of course, taken in the sense that it means the same opportunity for all, is the aim of the present national administration, but whether individual freedom in trade can be secured quicker and at less cost in disturbed business conditions, through a forced dissolution of the trade combinations or through further enlarging the scope of existing combinations and permitting and encouraging the formation of others, is the big question now.

It is quite fitting that Mr. Perkins' company, he being, perhaps, the foremost advocate of trade combinations, should bear the burden of the test case.

There is no denying that much of importance hinges on the Court's action in the case now pending.

## Poetry For Today

HONEST ABE'S FAVORITE POEM MODERNIZED.

Oh, why should the spirit of mot'rist be proud?  
Though he fly like a meteor, fast as a cloud,  
A flash of the current, a break of the gear—  
His car's in the gutter and he lands on h's ear.

The forgings of steel that so strongly were made  
Are scattered around in the sun and the shade,  
And the engine and tank and the low gear and high  
Shall moulder to dust and together shall lie.

The peasant whose lot was to sow and to reap,  
The herdsman who climbed with his goats to the steep,  
The beggar who wanders to any old place,  
While passing him by shall all laugh in his face.

'Tis the twink of an eye, 'tis a plinkety-plunk,  
From a beautiful car to an old piece of junk,  
For the pride of the family's the joke of the crowd—  
Oh, why should the spirit of Mot'rist be proud?

## FUGITIVE RETURNS TO SAVE SIGHT

New York, April 1.—A fugitive from justice for thirteen years, Joan F. Ehr Gott, a wealthy commission merchant, returned to this city to consult a specialist who, he believed, could save him from blindness. When Ehr Gott gave himself up to the federal authorities he knew that he ran the risk of going to jail, but this possibility was overshadowed by his fear of losing his eyesight. Ehr Gott says he was indicted in 1902 for customs frauds.

# GOLD DUST

—how it actually works for you

Gold Dust actually works. It gets into corners and crevices where fingers and washcloths can't reach. It permeates and dissolves dirt, grease and grime *everywhere* and it cleans and brightens *everything*.

Gold Dust does all this—does this actual *work*—because it is made for that purpose.

Millions of women all over the country use Gold Dust three times a day in washing dishes. They use it for scrubbing floors, washing windows, etc.

But they do not realize *all* the uses of Gold Dust. Gold Dust is the only washing and cleaning powder needed in any home.

Gold Dust cleans metal work, nickel, enameled ware, etc., without scratching or marring the surface—leaving it sanitarially clean, bright and new-looking.

The use of Gold Dust is an economy. There can be no waste when you use the exact small quantity required for each specific purpose. It is at once taken up by hot or cold water, forming the perfect cleansing solution.

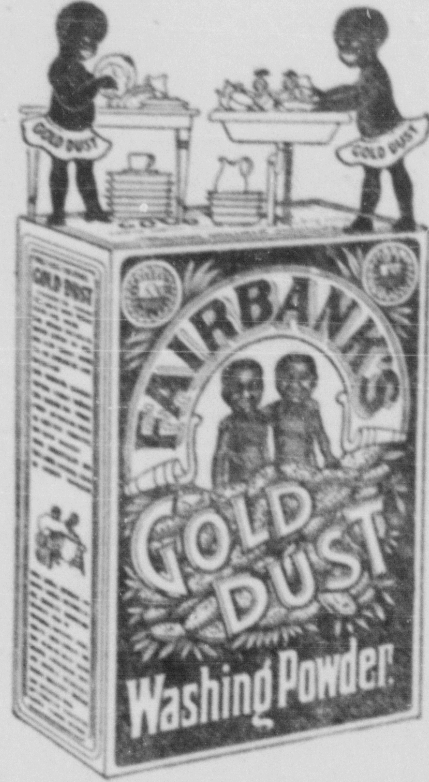

The active principle of Gold Dust is a valuable antiseptic cleansing agent.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, cleaning oil mops, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—for every cleaning and brightening purpose.

Gold Dust is as inexpensive as it is indispensable.

## ARLIGH BROWN HEAVILY FINED

PLEADS GUILTY TO STATUTORY CHARGE IN CONNECTION WITH CASE AGAINST CLARA AND NELLIE MORRIS AND GETS \$50 AND COSTS AND 30 DAYS IN WORK HOUSE — SENTENCE SUSPENDED ON PAYMENT OF FINE.

Arligh Brown, arrested by Chief of Police Moore Tuesday, charged with a statutory offense, pleaded guilty before Mayor Coffey and was fined \$50 and costs and sentenced to 30 days in the workhouse. The sentence was suspended on payment of fine.

Brown was one of the men accused of leaving this city in company with Clara and Nellie Morris, wife and stepdaughter of John Morris, a few weeks ago. Mrs. Morris is the woman that tied up court proceedings one day last week by having a convulsion during her arraignment on the same charge.

Brown was arrested by Chief of Police Moore, who learned that he was returning to this city from Nelsonville.

## BROUGHT TO THIS CITY FOR BURIAL

Mrs. John Davis and Mrs. Florence Robinette were called to Dayton Monday by the serious illness and subsequent death of their little niece, Virginia Thompson, daughter of Mrs. Bertha Robinette Thompson, formerly of this city.

The body will be brought here this evening and taken to the home of Mrs. Davis, on E. Market street. The mother and two sisters, Mr. Clinton Robinette, Mr. and Mrs. Jos. Wingerter accompany it.

Funeral services will be held at Mrs. Davis' residence Friday afternoon at two o'clock. Burial in the Washington cemetery to follow.

Mrs. Thompson and family have the sympathy of many Washington friends in their loss.

## \$100 AND COSTS AND 30 DAYS FOR SANDERS

John Sanders, colored, who has been in jail since the police raided his home on Fourth street Sunday, appeared before the mayor Thursday morning and pleaded guilty to gambling. He was fined \$100 and costs and sentenced to 30 days in the workhouse. He was returned to jail and will probably be taken to the workhouse Friday unless, in the meantime, he arranges to settle his fine, in which case the sentence will be suspended.

It was first expected that Sanders would be allowed to serve an old six months' sentence hanging over him for bootlegging. His pleading guilty to the gambling charge changed the plan of the court.

## NEIGHBORLY QUARREL BROUGHT INTO COURT

A neighborly quarrel, in which the principals were Mrs. Clara Miller and Mrs. Mary Wilson, residents of the canning factory neighborhood, was brought into the mayor's court Thursday, and as a result Mrs. Miller received a fine of \$30 and costs and a workhouse sentence of 30 days, on a charge of assault and battery. The fine and sentence were suspended pending good behavior.

The trouble occurred Wednesday evening, when Mrs. Wilson alleges Mrs. Miller struck her with a club. Mrs. Miller states that Mrs. Wilson "talked about her." Mrs. Miller pleaded guilty to the charge against her.

### In Social Circles

Selby Gerstner, son of Mr. and Mrs. Charles Gerstner, celebrated his tenth birthday Wednesday by entertaining seventeen boy friends at a delightful six o'clock dinner.

The table was beautifully decorated with scarlet carnations and greenery, scarlet candles blazing on the big birthday cake in the center. Mrs. Gerstner assisted her son in the hospitalities. After a merry dinner hour Mr. Gerstner took the entire party to the Palace theater.

The guests were Walter Van Pelt, Philip Clemmens, Ervin Van Winkle, James Dice, Frank Jamison, Warren Baker, Wendle Hays, Ira Barchet, Hiram Hitchcock, Robert Tracy, David Craig, Robert Reardon, Byron Tracey, Roy Slagle, Sam Nelson, Oliver Donohoe.

The home of Mrs. Richard Sollars, on the Devalon road, near town was the scene of a most enjoyable surprise Wednesday when the members of Mrs. Sollars' Sunday school class at the East End Chapel and a few other friends remembered her birthday.

Taking Mrs. Sollars completely unaware, twenty-five women assembled bringing baskets that fairly groaned with delicious eatables for a picnic spread. There never was a better dinner nor a merrier gathering and Mrs. Sollars fully appreciated the courtesy extended to her.

Mrs. Isaac Crispin was in charge of the affair.

Miss Marie Lanum issued invitations Thursday for a card party Saturday afternoon in honor of her guest, Miss Helen Eikenburg, of Eaton.

A jolly camp fire was enjoyed by the Senior boys and girls in honor of Miss Lois Lampe's birthday, at the home of Miss Margaret Johnson, on Clinton avenue.

The crowd roasted "winnies," potatoes and apples in the logs, toasted marsh mallows and had a regular camp fire feast.

The weekly Elk's dance passed off successfully Wednesday night. Horstman and Ramsey furnished the music and the social session committee refreshments.

The Kensington to have been given by the Ladies Circle G. A. R. has been postponed until next Thursday afternoon.

## Let your Painter make this test

Take equal quantities of "High Standard" Paint and any other brand, apply them on the same kind of surface, and prove for yourself how much better "High Standard" covers and how much farther it goes. Then figure how much less paint it would require to cover your building when you use

the paint of proven performance. You will see that even if it costs more per gallon it will still cost less by the job.

For the paint that gives best results always look for the "Little Blue Flag" on the label. You will get a job of painting that will retain its freshness and beauty and give your building the best protection from the destructive action of the elements. Come in and ask us for information about painting, color cards and booklets.

## MIAMI GLEE CLUB AT THE HIGH SCHOOL AUDITORIUM FRIDAY EVENING

This is a photograph of the Miami Glee Club, which will put on a musical program at the High school auditorium Friday evening, under the auspices of the musical department of the local High school.

The Miami Glee Club is one of the strongest college glee organizations in Ohio, and it's perfectly trained divisions of singers and instrumental musicians represent a selection of expert discrimination.

For eight years has the Miami Glee Club been in existence. Each year it has untiringly and successfully striven to accomplish such improvements as it's experience deem-

ed advisable, and at the present time honestly boasts a position second to none among the scholastic musical organizations of the state.

The club consists of thirty members. In many respects it is the best ever sent out by the university, and it has had some winners. The programs are to be offered in four parts, the first part consisting of standard and classic part-songs, quartettes and solos, the second part of literary selections, the third part a burlesque on grand opera and the fourth part of old and new college songs and special features of a lighter nature.

Among the special performers at the concert will be Robert Calder-

wood, reader and impersonator. Mr. Calderwood has appeared before in the club concerts of previous seasons, and his has always been a popular number. Especial attention is called to Aubrey W. Martin. Mr. Martin is the director of the club and one of the most noted baritone singers in America. He was formerly a soloist with the New York Symphony Orchestra, and appeared on several occasions in joint recital with the celebrated pianist, Mme. Birdce Blye, of Chicago. He will contribute several vocal numbers.

Max Dice, of this city, is one of the members of the club, and will appear with it in Friday's concert.

## CHANGE IS MADE IN ROUTE OF THE C. & O.

For some time it has been stated that the Chesapeake & Ohio had in mind an extension of its line from a point on the main line on the south bank of the Ohio river, near Portsmouth, across the Ohio river and northward through Scioto, Pike, Ross, Pickaway and Franklin counties.

For the third time bids have been called for.

Hitherto it has been reported that the proposed line would run east of the city of Chillicothe. Now the proposed matter seems to assume a different aspect. Bids are being asked on the northern work from the main line in Kentucky, north to a junction with the D. T. & I. about four miles below Glen Jean, then over the D. T. & I. to the Norfolk & Western north to Valley Crossing near Columbus.

## COPELAND MEETING TOMORROW EVENING

Tomorrow evening Prof. C. M. Copeland, organizer of the world's famous Bible class, the Copeland Men's Class of Athens, will address the men of Grace M. E. church in the class room.

The address will follow a luncheon which will be served promptly at seven o'clock, and the members of the class are urged to be present at 6:30 if possible.

Tables will be set for 125 to 140 men. An enjoyable evening is anticipated.

## TRUSTED CLERK AND \$6,000 ARE MISSING

Irrington, N. Y., April 1.—The disappearance of Edwin Wood, head clerk of the Irvington National bank, together with \$6,000 delivered to him by Cashier James Doves of the West-chester Trust company for transfer to the Irvington bank, has caused the authorities to send out an alarm. Edwin Wood, clerk of the board of education here and active in religious circles, was sent to Westchester to get the \$6,000. He put the bills in a satchel, but has not been heard of since. He served his bank ten years, has a wife and three children, and enjoyed a good reputation.

## EITHER GREAT BOON OR SAD BLOW TO U. S.

Washington, April 1.—Officials here see in the abolition by Russia of the conventional tariff agreements between herself and Germany and Austria-Hungary the possibility of either the greatest boon or the greatest blow to American trade with Russia.

Russia's action presents to the United States government one of the greatest single trade opportunities it has ever had. If realized upon properly, American trade with Russia can be doubled, it is said, while if advantage is not taken of this opportunity it is predicted that the United States will be left at a greater disadvantage than ever before in regard to exports to the territory of the czar.

The abolition of the conventional tariff with Germany and her ally is regarded here as but the precursor to

## Are You In Debt ?

The Debt Habit is one of the greatest dangers of our time—yes, of any time. Is it growing upon you? Once you paid your bills every week—then every month—and now? There is only one way to get out of this habit. Take a small portion of your income and deposit it regularly—just as you get it—in an Account at The Fayette County Bank. By this method you will build a sinking fund. It is the only way.

the making of new tariff treaties between Russia and other trading nations. Whether the United States' trade with Russia is to be greatly expanded or whether it is to sink into insignificance depends, it is asserted, on whether this government takes advantage of the opportunity and makes a favorable treaty with Russia. There is a growing sentiment in the administration for the making of a commercial treaty with Russia irrespective of the passport question.

**NO PASSPORT WAS ISSUED TO THRASHER**  
London, April 1.—A careful search of the records of the American embassy failed to reveal a trace of any passport issued to Leon C. Thrasher, the American engineer who is believed to have been lost with the steamship Palaba, sunk on Monday by a German submarine. Sierra Leone dispatches say that efforts to learn more about him on the gold coast have failed.

**DRYS STOP BALLOT IN THE SENATE**

Columbus, April 1.—The Smith-Mallow agricultural commission ripper bill was introduced as a new bill in the senate and passed by a strict party vote of 20 to 12. The senators accepted Attorney General Turner's ruling as to the requirement of emergency bills to be passed by a two-thirds vote.  
Dry forces in the senate, with the aid of Lieutenant Governor Arnold, were able to carry out their plan of preventing the Vollenweider bill, which seeks to restrict liquor shipments in dry territory, from coming to a vote. The lieutenant governor was called upon to vote in order to break a tie on a motion by Mr. Vollenweider to have his bill informally passed on the calendar. Mr. Arnold cast his vote with the drys, thereby giving them 17 votes to the wets 16. Previous to putting his motion to have his bill informally passed, Senator Vollenweider had moved for adjournment. He wanted to prevent the bill coming up for passage. The wets were on the alert, however, and forced a rollcall. They succeeded in defeating the adjournment motion, 19 to 11. Drys said they did not want the bill to come to a vote because Senator Gallagher, who is a physician, had been summoned to Mt. Sterling on a professional call. However, he was present and voted on both propositions.  
The senate taxation committee recommended for passage the Garver bill, which seeks to repeal the Kilpatrick law enacted by the last general assembly, which knocked out the inferior limitation of the Smith 1 per cent law. The Garver bill contains the 10 mill maximum limitation for general operating purposes and the 5 mill limitation for interest and sinking fund. Instead of the 1910 limitation as to money that may be collected, the new limitation is the amount collected in 1913.  
To speed up the legislative machinery in preparation for recessing on or about April 20 for ten days or two

weeks, while the budget bills are made ready, house debates are to be limited and a steering committee will be named. It is planned to push only the more important measures.  
If the senate concurs in house action, the proposal to amend the constitution to exempt from taxation Ohio public bonds issued after Jan. 1, 1916, will be submitted to popular vote this fall without being tied up with the proposal to classify property for taxation. The Purdum resolution exempting bonds was adopted by the house by a vote of 76 to 26.  
The Whitacre bill to empower the state industrial commission to regulate private employment agencies was backed to pieces by amendment and then killed in the house without a record vote to show what members were responsible for the slaughter.  
The Terrell automobile bill, to make the owner of the machine prima facie answerable for damages caused by accident, no matter who happened to drive the machine, received only 29 votes in the house and was beaten.  
The house passed the Hite bill to encase in steel and glass cases the fast-mouldering flags of Ohio regiments in the civil war and to place the flags in the rotunda of the statehouse; the Hines bill, granting \$5,000 to buy 30 acres and preserve Fort Laurens, in Tuscarawas county, where thirty of Washington's soldiers who had survived Valley Forge were killed; the Reighard bill, allowing county commissioners without referendum to spend \$1,500 to erect soldiers' monuments or finish soldiers' memorial buildings.

**Ohioan Awarded Bonus.**  
Columbus, April 1.—Everett Dover, who left Columbus five years ago to help West Virginia put into effect a bureau of inspection, such as that established by Ohio in connection with the state auditor's office, has been awarded a bonus of \$5,000 by the legislature of West Virginia for his good work of obtaining cuts in the newer state's debt to old Virginia. Reduction of the West Virginia debt is said to have amounted to several million dollars as a result of Dover's work.

**Championship Spelling Bees.**  
Columbus, April 1.—Rural and village schools throughout the state are preparing for the county and state championship spelling bees. Those who will make a grade of 100 per cent on each of the lists will compete in the county contest. The county champion will enter the final state contest, to be held probably in Columbus. In some of the counties the winners will be awarded with a free trip to the state fair in September or with other suitable rewards.

**State Probing Bank.**  
Lancaster, O., April 1.—James A. Devine, inspector from the state department of building and loan associations, was in this city investigating the account of George W. Moss, forty-five, a lawyer, as loan agent for the Eureka Savings and Loan company, of which he is also a director. Moss is out of the city.

**Brewery Workers Seek Increase.**  
Columbus, April 1.—The wage contract of 1,000 local brewery workers expired at midnight. A new contract has not been agreed upon. Negotiations in progress for several weeks have failed thus far to definite results. Employees recently submitted to the brewers a demand for an increase in wages.  
**Leaves Cash to Children.**  
Dayton, O., April 1.—In the will of Frederick Schmidt, member of the Soldiers' home, which was admitted to probate, he leaves all of his possessions, consisting of \$250 in cash, to the Montgomery County Children's home "for the benefit of the kiddies in holiday times."

**CHINESE READY TO ASK HELP**

Washington, April 1.—The demands Japan is now pressing upon China were discussed by Secretary Bryan at considerable length with the Japanese ambassador and the Chinese minister. There are many indications that the crisis in the orient is going to receive in the immediate future much more of the attention of this government than has been the case up to the present.  
As the negotiations in Peking are drawing to a conclusion, already having approached a critical point, both parties are manifesting a keener interest in the attitude of this government. The Chinese are getting ready to appeal for help, while the Japanese are proceeding further to reassure this government that the negotiations do not constitute a menace either to China or the interests of third parties in China.  
The Japanese ambassador's call was occasioned by the reports from Peking indicating that the Japanese minister has adopted a more insistent tone toward China, which threatens to terminate the present discussions in favor of more forceful measures. After the conference the statement was made that while the ambassador had not received any dispatches in the last few days on the subject, he felt wholly confident that the reports from Peking did not present the situation accurately. It was stated that the United States might rest assured that Japan had no intention of carrying on the negotiations in any high-handed manner and that there is no reason for believing that the breaking point between Japan and China has been reached.  
Representations are about to be made to the administration, however, which will place the situation in a different light, it is stated, from that in which it has been presented by the Japanese and Chinese. Representative Americans have arrived in this country from China with the sole purpose of laying before the administration the Japanese-Chinese negotiations from the standpoint of their probable effect on the interest of this country in the far east.  
It is no exaggeration to say that Americans in China are greatly alarmed over the situation created by the Japanese demands. They see in the present negotiations the end of all that previous administrations in Washington have been striving for in China and are anxious that the president and Secretary Bryan should be informed of just what the effect of Japanese success is likely to be. They hope to bring about the taking of such steps as will impose some restraints at least on Japan and prevent her from carrying out her entire program in China.

It was after an attack, and two Japanese soldiers were lying flat to escape the flying bullets. During a brief lull in the firing one of them said, "Let's be moving on, Jack."  
"I can't, Sandy," was the reply. "I got it in the leg."  
"Then crawl on the my back," said Sandy, "and I'll carry ye in."  
"No danger, fear," exclaimed Jack; "the Victoria cross for you and another bullet for me."—Boston Transcript.

**Fortified Tires Now in the Light**

The supreme test of a tire is to hold top place—the place in the sun—and for years. Goodyear tires have done that. Long they have led, both in sales and prestige.

Men expect much of the top-place tire. They look for a super-tire in it. Any seeming fault, due to mishap or misuse, becomes a defect in this glare.  
But Goodyear Fortified Tires, after years in this light, hold higher place than ever. Last year men bought 1,479,883 Goodyears of the pleasure-car type alone. That's about one tire for every car in use.

**Who Is Wrong?**  
Is it the Goodyear user, whose choice is confirmed by some 400,000 others? Or is it the man who still assumes that another tire is better?

**F-4 STILL SUBMERGED**

Washington, April 1.—Information received at the navy department from Rear Admiral Moore at Honolulu indicates that it will take two weeks or more to bring to the surface the submarine F-4, which went down last Thursday with twenty-one men on board. The government lacks apparatus at Honolulu to lift the boat immediately on receipt of the advice from Honolulu the secretary of the navy cabled Admiral Moore a credit of \$20,000 to do the work necessary. The F-4 is about 2,800 yards southwest of the lighthouse at the entrance of Honolulu harbor.  
Secretary Daniels announced that he had directed Rear Admiral Usher, commanding the New York navy yard, to send at once to Honolulu a number

## LARGE CROWD ATTENDS OPEN MEETING HELD BY THE A. I. U.

SERIES OF STRONG ADDRESSES MADE AND LADIES DEGREE STAFF OF CHILLICOTHE CHAPTER CONFERS WORK — HON. JOHN J. LENTZ SPEAKS FOR ONE HOUR ON A. I. U. AND ITS OBJECTS.

Some 300 people gathered at Memorial Hall Wednesday night in response to invitations sent out by the local chapter of the American Insurance Union, with national headquarters at Columbus, Ohio.

Mr. Sidney Bash, deputy organizer called the meeting to order, all joining in the song "Nearer My God to Thee," after which Rev. F. E. Ross, pastor of the Grace church, offered prayer. Mr. Bash then announced that Rev. Ross had been selected as presiding officer for the meeting.

Rev. Ross then introduced Dr. Geo. W. Hoglan, national secretary, who made an interesting address, dwelling upon the mortality side of the organization and other matters along that line. His address was enjoyed and brought out many new features of the order.

Following this Rev. Ross made an exceptionally good introductory address in which he brought before the audience that gray-haired veteran of many battles, in which he valiantly fought for the right, for a better government, for a better manhood and womanhood—the Hon. John J. Lentz, national president of the A. I. U.

Mr. Lentz is one of the founders of the organization and his splendid ideas of patriotism, religion and citizenship have been embodied in the work of the order. He spoke for one hour and held his hearers in close attention.

In glowing words he portrayed the organization of the order 21 years ago, and his hard fight to inculcate into it that which would eventually build a better and higher citizenship, purer homes, healthier children, in fact, a citizenship which might in the end be the envy and admiration of other countries.

His address was a strong one.

The exemplification of the ritualistic work by the Ladies' Degree Staff of Chillicothe Chapter No. 165

A. I. U., was a very forceful portrayal and presentation of the most beautiful and cordial virtues of the order, from a patriotic, religious, educational and beneficial point of view. The work by this splendid team of ladies was almost perfect in every particular and brought forth an abundance of praise.

Mr. Miller, a member of the Chillicothe chapter is their efficient drill-master.

A large number from Chillicothe, New Holland, Columbus and Greenfield were present.

Another Passion Week service tonight at the Presbyterian church, at 7:30, and continuing an hour. The pastor preaches on: The Christ of Easter. Come.

## NEW RECORDS ARE SECURED

AND SHIFT MADE AMONG ATHLETIC AND AQUATIC CHAMPIONS OF THE Y. M. C. A. IN EXCITING ANNUAL MEET WEDNESDAY.

New records were made, and new champions as well, in the annual athletic-aquatic meet held at the Y. M. C. A. Wednesday afternoon and evening, by the Junior and Intermediate divisions. The Junior meet was held in the afternoon and the intermediate in the evening, and both drew appreciable crowds of spectators.

Each meet consisted of a program of ten events, including jumping, sprinting and various floor work, and swimming and diving contests in the tank. The first, second and third place contenders in all events are to be presented with diplomas, while the all-around champions are to receive laurel wreaths in addition.

These all-around winners are contestants who have competed successfully in all of the ten events, whether finishing within the diploma winning pale or not, and they are judged according to points.

All around champions in the intermediate meet were George O'Briant, 20 points, first place, and Roland Slagle, 7 points, second place. Owing to the fact that no other contestant tied successfully in all events no third place championship honors were awarded. Dick Willis and Eddie Evans secured 16½ and 20 points respectively, but Willis was eligible in only 9 contests and Evans in 8.

Among the Juniors, Warren Baker secured the first place in the all-around championship with 8 points, Roy Slagle second, with 7, and Clark Murphy third, with 6.

These all-around winners in both meets will have their pictures hung in the Y. M. C. A. lobby, next to those of the champs of last year. Last year there was but one class of competitors, Slagle winning first, Lewis second and O'Briant third. Lewis did not compete this year.

### FRUIT BUDS SAFE SAYS LOCAL MAN

According to a man who keeps posted as to fruit prospects and conditions generally, the buds of the leading fruits in this section are still safe, and unless the weather proves exceedingly severe from this time forward, practically all buds are expected to pass the danger mark and a monster fruit crop for the coming year is predicted, providing the owners of orchards aid the trees by spraying and otherwise giving proper treatment.

It is believed that the fruit buds have passed through the winter much better than usual, and an abundance of choice fruit in Ohio is expected.

### NORTH STREET DUST ALMOST UNBEARABLE

North street, from the intersection of East to the outskirts near the pumping station, has been so dusty

during the past few days that residents along the street have had difficulty in keeping the flying particles from penetrating to every part of their homes.

The dust, during evenings, has hung suspended over the street until it resembled a fog, and each passing vehicle has added its quota of dust to the cloud.

Other streets have not been far behind North street in disagreeableness.

Temperance Holds Center of Stage in England—Austria Vainly Tries to Stop Advance of Russian Hosts—No News From Italy.

By Associated Press.  
London, April 1.—The war on alcohol in Great Britain has taken precedence over the much talked of "Spring advance of the allies in the west."  
Opinions of cabinet members and the letter of King George on temperance are intended to pave the way to either shutting off absolutely the sale of drink, or the adoption of some measure as drastic in effect. War Secretary Kitchener announced that no alcoholic beverages shall be served in his household during the war.  
Austria would seem to be strengthening her forces in Bukowina, to try to stop the Russian advance. This, British observers assert, explains the Austrian incursion into Russia near Czernowitz.  
Today being the centenary of the birth of Bismark, London papers speculate on what the outcome of the war would have been had Bismark been at the helm.

London, April 1.—One of the German submarines which recently have been operating so successfully off the British Isles, has sent another steamer to the bottom. The French ship Emma was torpedoed in the English Channel, and 19 members of her crew were drowned. Only two were saved.  
The Emma was torpedoed without warning of any kind. The periscope of the submarine had hardly been sighted when the torpedo was fired. The Emma sunk in three minutes.  
A Dutch cargo ship, suspected of having supplied fuel oil to German submarines, has been seized by British torpedo boats.

By Associated Press.  
Tabriz, April 1.—Hostilities between Russian and Turkish forces in Persia have been resumed. On March 25 the Russians defeated the Turks in a sanguinary battle at Atkutat, in northwestern Persia. The Turks lost 12,000 in killed, wounded and prisoners, as well as many guns.

# NEUTRALITY TO BE OBSERVED

Washington, April 1.—The Villa-Zapata forces have agreed to the proposal of the United States for neutralization of passenger trains between Mexico City and Vera Cruz. Word is still awaited from Carranza. Even with Carranza's consent, reports indicate that travel will be hazardous because of the guerrillas.  
The food situation in Mexico City continues bad, but danger of another evacuation by the Zapata forces has apparently passed.

Berlin, April 1.—Dr. Von Bethmann Hollweg, the imperial chancellor, speaking today at the Bismark centenary celebration in the Reichstag said:  
"What Bismark created, no German will allow to be destroyed. Our enemies are raging around the empire, but we will beat them. He taught us to fear only God, to wage war against the enemy, and to be brave in our people."

# KEEP COMPETENT MEN, IS ORDER

By Associated Press.  
Columbus, April 1.—Newly appointed district tax assessors from 70 counties, who met here today for a conference with the State Tax Commission, were told by Commissioner James Boyle to forget politics in administration of their assessing work.  
He urged them to retain all deputy assessors in wards and townships that were competent.

# EVIDENCE READY IN TANZER CASE

By Associated Press.  
New York, April 1.—Evidence against Miss Rae Tanzer, accused of using the mails to defraud James W. Osborne, against whom she instituted a \$50,000 breach of promise suit, was ready for submission to the federal grand jury today.

# DEATH PENALTY FOR COUNTERFEITERS

El Paso, Texas, April 1.—General Villa has ordered that the death penalty be applied to those guilty of circulating counterfeit paper money, large quantities of which are reported in use along the Mexican border.

# TURKS' HEINOUS WORK

By Associated Press.  
Tabriz, Persia, April 1.—Preceding the reoccupation by the Russians of the Salmac plains, northwest of Urumiah, hundreds of native Christians were rounded up by the Turks and massacred. The Russians found 720 bodies in the village of Haftdewan.  
Some of the victims had been bound to ladders and their heads, protruding through, had been hacked off. Eyes were gouged out and limbs chopped off. A general massacre of the 10,000 or 14,000 Christians in Urumiah is expected, unless it should be averted by orders from Constantinople.  
Reports confirm the killing of 800 persons already in Urumiah, and 2,000 have died of disease. The maltreatment of an American missionary, Rev. E. T. Allen, is also confirmed.

# PRINZ EITEL IN NO HURRY

By Associated Press.  
Newport News, April 1.—That the commander of the German cruiser Prinz Eitel Friedrich has no intention of leaving for some days at least, despite the fact that hurried coaling of the vessel indicated a purpose to go, was learned here today, and it also became known that he is negotiating for supplies sufficient for a 15 days' voyage.

# LITTLE HOPE FOR SWOBODA

By Associated Press.  
Paris, April 1.—Additional evidence has been found, the police assert, to prove the pro-German sympathies of Raymond Swoboda, charged with being responsible for the fire which threatened the destruction of the steamer La Touraine.  
A villa which he occupied was searched, and papers seized which police claim, are of a highly compromising character. A photograph of Swoboda in a German uniform was found.

Washington, April 1.—Agents of the Department of Justice began an inquiry today into the issue of an American passport to Raymond Swoboda, under arrest in Paris, charged with starting the fire on La Touraine, the French liner.

# DAYTON MAN MAY BOMBARD MEXICAN CITY

Brownsville, Texas, April 1.—The probability of a bomb dropping attack by four aeroplanes on Matamoros was forecast today by H. M. Rinehart, of Dayton, O., an American who flew a Villa biplane last night to Las Ruelas, four miles from Matamoros and headquarters of Villa forces now surrounding Matamoros.  
Rinehart flew in from Reynosa, about 65 miles west of Matamoros. He said that three other aeroplanes were due today.

# 5 KILLED WHEN POWDER LETS GO

Alton, Ill., April 1.—Five men were killed at the plant of the Equitable Powder Company, five miles from here, today, when an explosion wrecked the press mill.  
About 5,000 pounds of black powder were in the building. J. A. Colburn, superintendent, was one of the men killed.

# \$400,000,000 SURPLUS IS ACCUMULATED BY FEW POOR RAILROADS

By Associated Press.  
Chicago, April 1.—A surplus aggregating more than \$400,000,000, said to have been accumulated by six typical railroads in the last 16 years, was pointed out today as evidence that western roads, generally, were prosperous, at the Inter State Commerce Commission hearing of the western rate case.

# STATE LEAGUE MEN MEET

By Associated Press.  
Portsmouth, April 1.—Officials and managers of the Ohio State League are in session here today to adopt a schedule calling for 120 games, to post the \$1,000 guarantee that each team will finish the season, and to adopt new bylaws.  
Representatives from Ironton, Charleston, W. Va., Chillicothe, Lexington, Ky., and Frankfort, Ky., are present at the meeting, which is being presided over by President Joe Carr of Columbus.

# GERMANS TAKE 58,000 CAPTIVE

By Associated Press.  
Berlin, April 1.—An official statement today, says that during the month of March the German eastern army took, altogether, 55,000 Russian prisoners, and captured 9 cannon and 61 machine guns.

# PAGE HAS NOT MADE REPORT

By Associated Press.  
Washington, April 1.—Ambassador Page had not reported today the death of Leon C. Thresher, an American lost in the sinking by a German submarine of the British steamer Falaba, but President Wilson and State Department officials were studying the case, to determine whether the United States should bring the incident formally to the attention of the German government.

# PYTHIAN BAZAAR IS MECCA FOR LARGE CROWDS

The Pythian Castle is proving the mecca for a throng of delighted spectators and eager buyers, who are patronizing the Pythian Sisters' Easter Bazaar of today and tomorrow.  
The splendid banquet hall is encircled with fantastic booths, filled with the useful and the beautiful and offering every incentive to the crowd to part with its money.  
Occupying the center of the big hall is the Japanese tea booth, extremely dainty in its circular latticed framework of pink and with white overhanging festoons. Pink and white sweet peas grace the tea tables and the pretty waitresses are all wearing white aprons with pink ribbons.  
Entering the door it is impossible not to be caught at the fish pond, one of the most alluring places of the Bazaar, all in blue and gold.  
The candy booth is a beauty in purple and white, with graceful overhead canopy and palms guarding the entrance. An array of delicious home made candies tempted a continuous stream of purchasers.  
Yellow and white streamers and butterflies formed the fancy work booth, and green and white, with hundreds of Easter bunnies, were employed in the frameup for "country produce." The fresh country eggs, butter and chickens were gobbled up.  
Delicious home made cakes, bread, pies, etc., formed artistic setting in a lavender and white booth, and the big ice cream booth, flaunting patriotic colors, formed an excellent center background.  
The colors of the order, red, yellow and blue, were used. In the lunch booth, where sandwiches, coffee and beans are served at noon and in the evening.  
Every booth represented lots of work. Mrs. Joe Gillespie is head of the Bazaar committee and the chairmen of the various booths are Mrs. Madge McCrea, fancy work; Mrs. Frances Bending, fish pond; Mrs. Hanna Flee, candy; Mrs. Corda Lauderback, country produce; Mrs. Robt. Wilson, baking; Mrs. Ernest Arbogast, ice cream; Mrs. John Wilson, lunch; Miss Wilson, tea room.

# SUES FOR DIVORCE

Darrel E. Patton, held in the county jail for prosecution in common pleas court, criminal division, was made defendant in divorce action filed Friday by Martha Patton, whom he married at Covington, Ky., September 25, 1909. The petition recites that the husband is now charged with robbery and with falsely representing himself as a United States immigration inspector.  
Patton is indicted for alleged unlawfully threatening a local Chinaman.—Dayton Journal.

# MRS. LOTTIE ARMSTRONG DIED WEDNESDAY EVENING

Mrs. Lottie Gardner Armstrong, aged 67, one of the most prominent women of Jeffersonville and well known throughout the county, died suddenly at her home in Jeffersonville about 9 o'clock Wednesday evening, as the result of an attack of paralysis.  
Mrs. Armstrong had been in good health up to the time she was stricken with the fatal disease, and her death comes as a great shock to her wide circle of friends.  
She leaves her husband, John Armstrong, and six stepsons, Roland Armstrong, of Columbus, Charles Armstrong, of Sedalia, Frank Armstrong, of Sidney, Ills., Scott Armstrong, of Detroit, and Fred Armstrong, of Dayton.  
Funeral services will be held Friday at 2:00 p. m. from the M. P. church at Jeffersonville. Burial in Jeffersonville cemetery.  
Mr. Charles U. Armstrong, of the Washington Savings and Trust Co., was a nephew of the deceased.

## FRENCH STEAMER TORPEDOED AND DUTCH CARGO SHIP IS CAPTURED

Temperance Holds Center of Stage in England—Austria Vainly Tries to Stop Advance of Russian Hosts—No News From Italy.

By Associated Press.  
London, April 1.—The war on alcohol in Great Britain has taken precedence over the much talked of "Spring advance of the allies in the west."  
Opinions of cabinet members and the letter of King George on temperance are intended to pave the way to either shutting off absolutely the sale of drink, or the adoption of some measure as drastic in effect. War Secretary Kitchener announced that no alcoholic beverages shall be served in his household during the war.  
Austria would seem to be strengthening her forces in Bukovina, to try to stop the Russian advance. This, British observers assert, explains the Austrian incursion into Russia near Czernowitz.  
Today being the centenary of the birth of Bismark, London papers speculate on what the outcome of the war would have been had Bismark been at the helm.

London, April 1.—One of the German submarines which recently have been operating so successfully off the British Isles, has sent another steamer to the bottom. The French ship Emma was torpedoed in the English Channel, and 19 members of her crew were drowned. Only two were saved.  
The Emma was torpedoed without warning of any kind. The periscope of the submarine had hardly been sighted when the torpedo was fired. The Emma sunk in three minutes.  
A Dutch cargo ship, suspected of carrying supplied fuel oil to German submarines, has been seized by British torpedo boats.

## TURKS LOSE 12,000 MEN

By Associated Press.  
Tabriz, April 1.—Hostilities between Russian and Turkish forces in Persia have been resumed. On March 25 the Russians defeated the Turks in a sanguinary battle at Atkatur, in northwestern Persia. The Turks lost 12,000 in killed, wounded and prisoners, as well as many guns.

## NEUTRALITY TO BE OBSERVED

Washington, April 1.—The Villa-Zapata forces have agreed to the proposal of the United States for neutralization of passenger trains between Mexico City and Vera Cruz. Word is still awaited from Carranza.  
Even with Carranza's consent, reports indicate that travel will be hazardous because of the guerillas.  
The food situation in Mexico City continues bad, but danger of another evacuation by the Zapata forces has apparently passed.

## Buck's Greenhouses

## In Social Circles

The Browning Club held an exceedingly interesting meeting Wednesday night with about forty present. It was the last meeting of the year and the last of Mrs. Josie Kerr's presidency.

After the opening exercises Mrs. Kerr announced that a memorial service would be given in remembrance of those whom death had called away, and Mrs. Ustick offered a most appreciative little tribute in behalf of the club, honoring those who had crossed the bar during the present administration—Mrs. A. W. West, Miss Mabel Wyatt, Miss Alfreda Ogle, Mrs. James Whelpley, Mrs. Theodore Brown and Mrs. Emma Grove.

Mr. Kneisley played a plaintive violin solo that seemed the echo of the words of tribute, Miss Mabel Briggs accompanied. Mrs. Carpenter closed the memorial by reading Mrs. Browning's beautiful poem "He Giveth His Beloved Sleep."

Mrs. Henness had charge of the science department, the motto being "There are greater and better things in us than the world takes account of." The first paper was "The Religious Life of China," ably handled by Mrs. Ella Mark. The religious problem in China is one of complexity. Mrs. Mark gave a little idea of the ancestral worship, and of Shanghai the controlling superior spirit, but said Christianity has really worked to the top in China.

## WOULD GO FOR ALCOHOL

London, April 1.—King George has offered to set an example in connection with the drink problem by foregoing alcohol himself and stopping its use in the royal household. Baron Stamfordham, private secretary to the king, has written a letter to Chancellor Lloyd-George saying: "We have before us statements, not merely of employers, but also of admiralty and war office officials responsible for the supply of munitions of war and the transport of troops and their food and ammunition. From this evidence it is without doubt largely due to drink that we are unable to secure the output of war material indispensable to meet the requirements of our army in the field. The continuance of such a state of things must inevitably result in a prolongation of the horrors and burdens of this terrible war. I am to add that if it is deemed advisable the king will be prepared to set the example by giving up all alcoholic liquor himself and issuing orders against its consumption in the royal household."

## Governor Willis Acts Promptly

Governor Willis, in promptly announcing his determination to assume charge of the legal machinery, provided by law for listing and assessing property for taxation this spring, did exactly the proper thing.

After it was conclusively demonstrated Tuesday night, in the legislature of the state, that it was impossible to enact a law providing new taxing machinery with which the present state administration could gather in and assess property for taxation this spring, there was but one course open to the chief executive and that was to lay hold of the only legal machinery available and place it in charge of men in sympathy with the present state administration.

In following his announcement by the removal of all the district or county tax assessors, the governor furnished indisputable evidence that he was willing to assume the responsibility which attends upon making up the tax duplicates this year.

Political opponents of Governor Willis will doubtless point to the fact that the action of the chief executive places more than one hundred Republicans in good positions and disposes more than one hundred Democrats and because of that fact, charge that the action of Governor Willis was brought about by a desire to obtain positions for party workers.

That charge is not warranted. Governor Willis has made every effort to have a law dispensing entirely with those same positions, enacted by the general assembly and his efforts have gone for naught. That it was not the desire for place which caused him to oust the former district assessors and appoint new ones is disproven by the fact that only after the Attorney General raised an insurmountable barrier across the pathway of immediately effective legislation to abolish those same positions did he act.

The attitude of Governor Willis in the matter of listing the taxable property of the state may be summarized as one of hostility to the present system, yet a willingness to assume responsibility for this year's duplicate, using the only machinery available.

The position of Governor Willis is wholly justifiable. Indeed he should be encouraged for laying hold of matters in so decisive a manner.

## What Of The Combinations

The government's belief in the anti-trust suit, against the International Harvester Company, pending in the Supreme Court of the United States was filed on Monday. In that brief the representatives of the government make it plain that, so far as the executive department, the department of the Attorney General, in particular, is concerned, there is to be no let up in the fight against combinations in restraint of trade.

Both the representatives of the government and the representatives of the Harvester Company disclose in their briefs that upon the decree of the Court in that case the future course, in the matter of dealing with trade combinations, will be very largely determined.

The course of events in business and commerce during the two years last past has raised a doubt in the minds of a great many people as to the wisdom of further action along the line of breaking up these big trade combines.

The International Harvester Company, represented by Mr. Perkins of Progressive party fame, is one of the most pronounced advocates of the doctrine that these combinations should not be broken up and cannot be broken up without great disturbance in business conditions resulting. The business great disturbance which is certain to follow the effort to compel all trade combinations to dissolve, Mr. Perkins and those who are in accord with his views, point out will be far greater than any benefit which will accrue to the individual citizen on account of unrestricted competition even if that can be brought into actual existence.

The question at issue in the case now pending is, to adopt the language of the parties in interest, "Shall the competitive system continue—shall competition, not combination, be the law of trade?"

Competition, of course, taken in the sense that it means the same opportunity for all, is the aim of the present national administration, but whether individual freedom in trade can be secured quicker and at less cost in disturbed business conditions, through a forced dissolution of the trade combinations or through further enlarging the scope of existing combinations and permitting and encouraging the formation of others, is the big question now.

It is quite fitting that Mr. Perkins' company, he being, perhaps, the foremost advocate of trade combinations, should bear the burden of the test case.

There is no denying that much of importance hinges on the Court's action in the case now pending.

## Poetry For Today

HONEST ABE'S FAVORITE POEM  
MODERNIZED.

Oh, why should the spirit of mot'rist  
be proud?  
Though he fly like a meteor, fast as  
a cloud,  
A flash of the current, a break of the  
gear—  
His car's in the gutter and he lands  
on his ear.

The forgings of steel that so strongly  
were made  
Are scattered around in the sun and  
the shade,  
And the engine and tank and the  
low gear and high  
Shall moulder to dust and together  
shall lie.

The peasant whose lot was to sow  
and to reap,  
The herdsman who climbed with his  
goats to the steep,  
The beggar who wanders to any old  
place,  
While passing him by shall all laugh  
in his face.

'Tis the twink of an eye, 'tis a plink-  
ety-plunk,  
From a beautiful car to an old piece  
of junk,  
For the pride of the family's the joke  
of the crowd—  
Oh, why should the spirit of Mot'rist  
be proud?

# GOLD DUST

—how it actually works for you

Gold Dust actually works. It gets into corners and crevices where fingers and washcloths can't reach. It permeates and dissolves dirt, grease and grime everywhere and it cleans and brightens everything.

Gold Dust does all this—does this actual work—because it is made for that purpose.

Millions of women all over the country use Gold Dust three times a day in washing dishes. They use it for scrubbing floors, washing windows, etc.

But they do not realize all the uses of Gold Dust. Gold Dust is the only washing and cleaning powder needed in any home.

Gold Dust cleans metal work, nickel, enameled ware, etc., without scratching or marring the surface—leaving it sanitariously clean, bright and new-looking.

The use of Gold Dust is an economy. There can be no waste when you use the exact small quantity required for each specific purpose. It is at once taken up by hot or cold water, forming the perfect cleansing solution.

The active principle of Gold Dust is a valuable antiseptic cleansing agent.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, cleaning oil mops, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—for every cleaning and brightening purpose.

Gold Dust is as inexpensive as it is indispensable.

## ARLIGH BROWN HEAVILY FINED

PLEADS GUILTY TO STATUTORY CHARGE IN CONNECTION WITH CASE AGAINST CLARA AND NELLIE MORRIS AND GETS \$50 AND COSTS AND 30 DAYS IN WORK HOUSE — SENTENCE SUSPENDED ON PAYMENT OF FINE.

Arligh Brown, arrested by Chief of Police Moore Tuesday, charged with a statutory offense, pleaded guilty before Mayor Coffey and was fined \$50 and costs and sentenced to 30 days in the workhouse. The sentence was suspended on payment of fine.

Brown was one of the men accused of leaving this city in company with Clara and Nellie Morris, wife and stepdaughter of John Morris, a few weeks ago. Mrs. Morris is the woman that tied up court proceedings one day last week by having a convulsion during her arraignment on the same charge.

Brown was arrested by Chief of Police Moore, who learned that he was returning to this city from Nelsonville.

## BROUGHT TO THIS CITY FOR BURIAL

Mrs. John Davis and Mrs. Florence Robinette were called to Dayton Monday by the serious illness and subsequent death of their little niece, Virginia Thompson, daughter of Mrs. Bertha Robinette Thompson, formerly of this city.

The body will be brought here this evening and taken to the home of Mrs. Davis, on E. Market street. The mother and two sisters, Mr. Clinton Robinett, Mr. and Mrs. Jos. Wingerter accompany it.

Funeral services will be held at Mrs. Davis' residence Friday afternoon at two o'clock. Burial in the Washington cemetery to follow.

Mrs. Thompson and family have the sympathy of many Washington friends in their loss.

## \$100 AND COSTS AND 30 DAYS FOR SANDERS

John Sanders, colored, who has been in jail since the police raided his home on Fourth street Sunday, appeared before the mayor Thursday morning and pleaded guilty to gambling. He was fined \$100 and costs and sentenced to 30 days in the workhouse. He was returned to jail and will probably be taken to the workhouse Friday unless, in the meantime, he arranges to settle his fine, in which case the sentence will be suspended.

It was first expected that Sanders would be allowed to serve an old six months' sentence hanging over him for bootlegging. His pleading guilty to the gambling charge changed the plan of the court.

## NEIGHBORLY QUARREL BROUGHT INTO COURT

A neighborly quarrel, in which the principals were Mrs. Clara Miller and Mrs. Mary Wilson, residents of the canning factory neighborhood, was brought into the mayor's court Thursday, and as a result Mrs. Miller received a fine of \$30 and costs and a workhouse sentence of 30 days, on a charge of assault and battery. The fine and sentence were suspended pending good behavior.

The trouble occurred Wednesday evening, when Mrs. Wilson alleges Mrs. Miller struck her with a club. Mrs. Miller states that Mrs. Wilson "talked about her." Mrs. Miller pleaded guilty to the charge against her.

## In Social Circles

Selby Gerstner, son of Mr. and Mrs. Charles Gerstner, celebrated his tenth birthday Wednesday by entertaining seventeen boy friends at a delightful six o'clock dinner.

The table was beautifully decorated with scarlet carnations and greenery, scarlet candles blazing on the big birthday cake in the center. Mrs. Gerstner assisted her son in the hospitalities. After a merry dinner hour Mr. Gerstner took the entire party to the Palace theater.

The guests were Walter Van Pelt, Philip Clemmens, Ervin Van Winkle, James Dice, Frank Jamison, Warren Baker, Wendle Hays, Ira Barchet, Hiram Hitchcock, Robert Tracy, David Craig, Robert Reardon, Byron Tracey, Roy Slagle, Sam Nelson, Oliver Donohoe.

The home of Mrs. Richard Sollars, on the Devalon road, near town was the scene of a most enjoyable surprise Wednesday when the members of Mrs. Sollars' Sunday school class at the East End Chapel and a few other friends remembered her birthday.

Taking Mrs. Sollars completely unaware, twenty-five women assembled bringing baskets that fairly groaned with delicious eatables for a picnic spread. There never was a better dinner nor a merrier gathering and Mrs. Sollars fully appreciated the courtesy extended to her.

Mrs. Isaac Crispin was in charge of the affair.

Miss Marie Lanum issued invitations Thursday for a card party Saturday afternoon in honor of her guest, Miss Helen Eikenburg, of Eaton.

A jolly camp fire was enjoyed by the Senior boys and girls in honor of Miss Lois Lampe's birthday, at the home of Miss Margaret Johnson, on Clinton avenue.

The crowd roasted "winnies," potatoes and apples in the logs, toasted marshmallows and had a regular camp fire feast.

The weekly Elk's dance passed off successfully Wednesday night. Horstman and Ramsey furnished the music and the social session committee refreshments.

The Kensington to have been given by the Ladies Circle G. A. R. has been postponed until next Thursday afternoon.

Let your Painter make this test

Take equal quantities of "High Standard" Paint and any other brand, apply them on the same kind of surface, and prove for yourself how much better "High Standard" covers and how much farther it goes. Then figure how much less paint it would require to cover your building when you use

the paint of proven performance. You will see that even if it costs more per gallon it will still cost less by the job.

For the paint that gives best results always look for the "Little Blue Flag" on the label. MIAMI GLEE CLUB AT THE HIGH SCHOOL AUDITORIUM FRIDAY EVENING

This is a photograph of the Miami Glee Club, which will put on a musical program at the High School auditorium Friday evening, under the auspices of the musical department of the local High School.

The Miami Glee Club is one of the strongest college glee organizations in Ohio, and it's perfectly trained divisions of singers and instrumental musicians represent a selection of expert discrimination. For eight years has the Miami Glee Club been in existence. Each year it has untiringly and successfully striven to accomplish such improvements as its experience deem-

ed advisable, and at the present time honestly boasts a position second to none among the scholastic musical organizations of the state.

The club consists of thirty members. In many respects it is the best ever sent out by the university, and it has had some winners. The programs are to be offered in four parts, the first part consisting of standard and classic part-songs, quartettes and solos, the second part of literary selections, the third part a burlesque on grand opera and the fourth part of old and new college songs and special features of a lighter nature.

Among the special performers at the concert will be Robert Calder-

wood, reader and impersonator. Mr. Calderwood has appeared before in the club concerts of previous seasons, and his has always been a popular number. Especial attention is called to Aubrey W. Martin. Mr. Martin is the director of the club and one of the most noted baritone singers in America. He was formerly a soloist with the New York Symphony Orchestra, and appeared on several occasions in joint recital with the celebrated pianist, Mme. Birdice Blye, of Chicago. He will contribute several vocal numbers.

Max Dice, of this city, is one of the members of the club, and will appear with it in Friday's concert.

CHANGE IS MADE IN ROUTE OF THE C. & O.

For some time it has been stated that the Chesapeake & Ohio had in mind an extension of its line from a point on the main line on the south bank of the Ohio river, near Portsmouth, across the Ohio river and northward through Scioto, Pike, Ross, Pickaway and Franklin counties.

For the third time bids have been called for.

Hitherto it has been reported that the proposed line would run east of the city of Chillicothe. Now the proposed matter seems to assume a different aspect. Bids are being asked on the northern work from the main line in Kentucky, north to a junction with the D. T. & I. about four miles below Glen Jean, then over the D. T. & I. to the Scioto bridge at Waverly, then on the Norfolk & Western north to Valley Crossing near Columbus.

COPELAND MEETING TOMORROW EVENING

Tomorrow evening Prof. C. M. Copeland, organizer of the world's famous Bible class, the Copeland Men's Class of Athens, will address the men of Grace M. E. church in the class room.

The address will follow a luncheon which will be served promptly at seven o'clock, and the members of the class are urged to be present at 6:30 if possible.

Tables will be set for 125 to 140 men. An enjoyable evening is anticipated.

TRUSTED CLERK AND \$6,000 ARE MISSING

Irvington, N. Y., April 1.—The disappearance of Edwin Wood, head clerk of the Irvington National bank, together with \$6,000 delivered to him by Cashier James H. Jones of the Westchester Trust company for transfer to the Irvington bank, has caused the authorities to send out an alarm. Edwin Wood, clerk of the board of education here and active in religious circles, was sent to Westchester to get the \$6,000. He put the bills in a satchel, but has not been heard of since. He served his bank ten years, has a wife and three children, and enjoyed a good reputation.

EITHER GREAT BOON OR SAD BLOW TO U. S.

Washington, April 1.—Officials here see in the abolition by Russia of the conventional tariff agreements between herself and Germany and Austria-Hungary the possibility of either the greatest boon or the greatest blow to American trade with Russia. Russia's action presents to the United States government one of the greatest single trade opportunities it has ever had. If realized upon properly, American trade with Russia can be doubled, it is said, while if advantage is not taken of this opportunity it is predicted that the United States will be left at a greater disadvantage than ever before in regard to exports to the territory of the czar.

The abolition of the conventional tariff with Germany and her ally is regarded here as but the precursor to

Are You In Debt?

The Debt Habit is one of the greatest dangers of our time—yes, of any time. Is it growing upon you? Once you paid your bills every week—then every month—and now? There is only one way to get out of this habit. Take a small portion of your income and deposit it regularly—just as you get it—in an Account at The Fayette County Bank. By this method you will build a sinking fund. It is the only way.

Debt and Death are two words singularly connected, not only in sound, but in fact; for the former frequently hastens the latter.

the making of new tariff treaties between Russia and other trading nations. Whether the United States' trade with Russia is to be greatly expanded or whether it is to sink into insignificance depends, it is asserted, on whether this government takes advantage of the opportunity and makes a favorable treaty with Russia. There is a growing sentiment in the administration for the making of a commercial treaty with Russia irrespective of the passport question.

SWOBODA'S ARREST MISTAKE, SAY FRIENDS

New York, April 1.—Raymond Rolfe Swoboda, reported to have been arrested in Paris, charged with setting fire to the steamship La Touraine, is an American citizen, and represented in this country a French syndicate engaged in purchasing supplies for the French government and the civilian population. His business associates say his arrest was a grave mistake.

Wish! Corns Gone!  
We Use "GETS-IT!"

2 seconds, 2 Drops - Corns Vanish!

For everybody with corns, there is in the land one of the great wonders of the world, and that's "GETS-IT" for corns! It's the first and only corn-cure ever known that removes corns in 2 seconds.

"How Fozzy Trot, M'amelle, What? Corns Gone? Yes, I Used 'GETS-IT.'"

Any and every corn or callus without fail, without fussing with thick bandages, toe presses, corn-swalling salves, irritating ointments. It's applied in 2 seconds—two, three—2 drops, the work is done, the corn shrivels up, your corn agony ends and the corn leaves forever! All the burning, the pain that darts to your heart's core, the crucifixion of having to wear shoes over screaming corns, the danger of blood poisoning from making them bleed by using knives, razors and scissors—are gone at last! "GETS-IT" is the new way, the sure, simple, painless way. Try it for corns, calluses, warts and bunions. "GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Washington C. H. and recommended as the world's best corn cure by Brown's Drug Store, and Frank Christopher's.

NO PASSPORT WAS

weeks, while the budget bills are made ready, house debates are to be limited and a steering committee will be named. It is planned to push only the more important measures.

If the senate concurs in house action, the proposal to amend the constitution to exempt from taxation Ohio public bonds issued after Jan. 1, 1916, will be submitted to popular vote this fall without being tied up with the proposal to classify property for taxation. The Purdum resolution exempting bonds was adopted by the house by a vote of 76 to 26.

The Whitacre bill to empower the state industrial commission to regulate private employment agencies was backed to pieces by amendment and then killed in the house without a record vote to show what members were responsible for the slaughter.

The Terrell automobile bill, to make the owner of the machine prima facie answerable for damages caused by accident, no matter who happened to drive the machine, received only 29 votes in the house and was beaten.

The house passed the Hite bill to encase in steel and glass cases the fast-mouldering flags of Ohio regiments in the civil war and to place the flags in the rotunda of the statehouse; the Hines bill, granting \$5,000 to buy 30 acres and preserve Fort Laurens, in Tuscarawas county, where thirty of Washington's soldiers who had survived Valley Forge were killed; the Reighard bill, allowing county commissioners without referendum to spend \$1,500 to erect soldiers' monuments or finish soldiers' memorial buildings.

OHIO BRIEFS

Ohioan Awarded Bonus.

Columbus, April 1.—Everett Dover, who left Columbus five years ago to help West Virginia put into effect a bureau of inspection such as that established by Ohio in connection with the state auditor's office, has been awarded a bonus of \$5,000 by the legislature of West Virginia for his good work of obtaining cuts in the newer state's debt to old Virginia. Reduction of the West Virginia debt is said to have amounted to several million dollars as a result of Dover's work.

Championship Spelling Bees.

Columbus, April 1.—Rural and village schools throughout the state are preparing for the county and state championship spelling bees. Those who will make a grade of 100 per cent on each of the lists will compete in the county contest. The county champion will enter the final state contest, to be held probably in Columbus. In some of the counties the winners will be awarded with a free trip to the state fair in September or with other suitable rewards.

State Probing Bank.

Lancaster, O., April 1.—James A. Devine, inspector from the state department of building and loan associations, was in this city investigating the account of George W. Moss, forty-five, a lawyer, as loan agent for the Eureka Savings and Loan company, of which he is also a director. Moss is out of the city.

Brewery Workers Seek Increase.

Columbus, April 1.—The wage contract of 1,600 local brewery workers expired at midnight. A new contract has not been agreed upon. Negotiations in progress for several weeks have failed thus far of definite results. Employees recently submitted to a survey of the brewers a demand for an increase in wages.

CHINESE  
READY TO  
ASK HELP

Washington, April 1.—The demands Japan is now pressing upon China were discussed by Secretary Bryan at considerable length with the Japanese ambassador and the Chinese minister. There are many indications that the crisis in the orient is going to receive in the immediate future much more of the attention of this government than has been the case up to the present.

As the negotiations in Peking are drawing to a conclusion, already having approached a critical point, both parties are manifesting a keener interest in the attitude of this government. The Chinese are getting ready to appeal for help, while the Japanese are proceeding further to reassure this government that the negotiations do not constitute a menace either to China or the interests of third parties in China.

The Japanese ambassador's call was occasioned by the reports from Peking indicating that the Japanese minister has adopted a more insistent tone toward China, which threatens to terminate the present discussions in favor of more forceful measures. After the conference the statement was made that while the ambassador had not received any dispatches in the last few days on the subject, he felt wholly confident that the reports from Peking did not present the situation accurately. It was stated that the United States might rest assured that Japan had no intention of carrying on the negotiations in any high-handed manner and that there is no reason for believing that the breaking point between Japan and China has been reached.

Representations are about to be made to the administration, however, which will place the situation in a different light, it is stated, from that in which it has been presented by the Japanese and Chinese. Representative Americans have arrived in this country from China with the sole purpose of laying before the administration the Japanese-Chinese negotiations from the standpoint of their probable effect on the interest of this country in the far east.

It is no exaggeration to say that Americans in China are greatly alarmed over the situation created by the Japanese demands. They see in the present negotiations the end of all that previous administrations in Washington have been striving for in China and are anxious that the president and Secretary Bryan should be informed of just what the effect of Japanese success is likely to be. They hope to bring about the taking of such steps as will impose some restraints at least on Japan and prevent her from carrying out her entire program in China.

It was after an attack, and two Chinese soldiers were lying flat to escape the flying bullets. During a brief lull in the firing one of them said, "Let's be moving on, Jack."

"I can't, Sandy," was the reply. "I got it in the leg."

"Then crawl on my back," said Sandy, "and I'll carry ye in."

"Nae danger, fear," exclaimed Jack; "the Victoria cross for you and another bullet for me."—Boston Transcript.

DON'T FUSS WITH  
MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

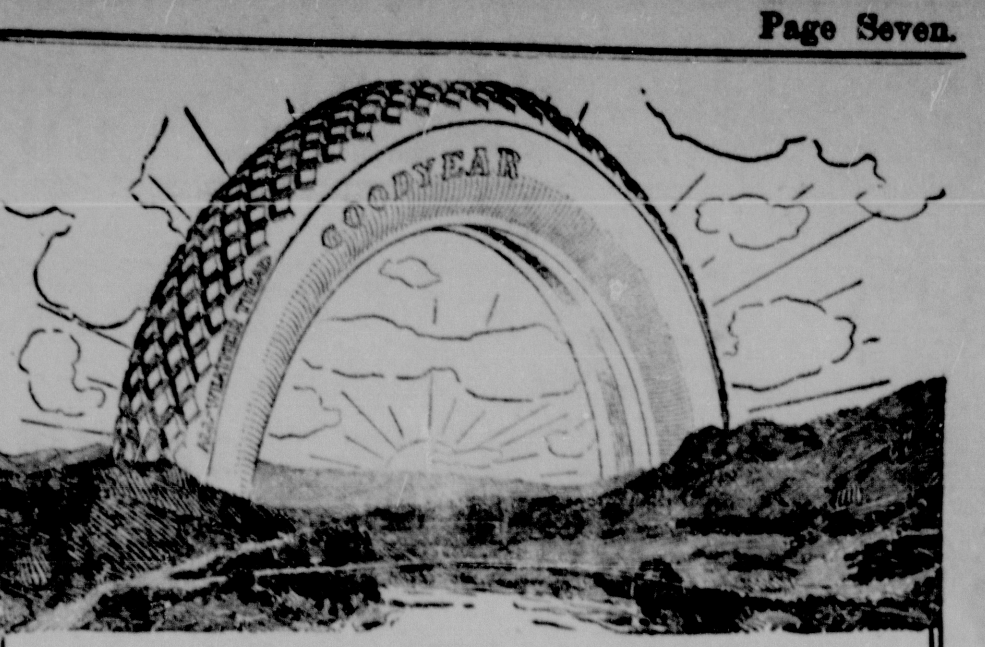

There's no sense in mixing up a mess of mustard, flour and water when you can so easily relieve pain, soreness or stiffness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister!

MUSTEROLE gives prompt relief from Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

Fortified Tires  
Now in the Light

The supreme test of a tire is to hold top place—the place in the sun—and for years. Goodyear tires have done that. Long they have led, both in sales and prestige.

Men expect much of the top-place tire. They look for a superiority in it. Any seeming fault, due to mishap or misuse, becomes a defect in this glare.

Isn't best average service, as provided by Goodyear supremacy, the right way to judge a tire?

Lower Prices

On February 1 Goodyear made the third big price reduction in two years. The three total 45%.

Yet the tires are constantly bettered. In five costly ways—each exclusive to Goodyear—our Fortified Tires excel any other tire built. And each is a great trouble-saver.

They mean for you tire content. They mean most for your money, because of our matchless output. For your own sake, try them. The following Goodyear Service Stations will supply you:

Who Is Wrong?

Is it the Goodyear user, whose choice is confirmed by some 400,000 others? Or is it the man who still assumes that another tire is better?

F-4 STILL  
SUBMERGED

Washington, April 1.—Information received at the navy department from Rear Admiral Moore at Honolulu indicates that it will take two weeks or more to bring to the surface the submarine F-4, which went down last Thursday with twenty-one men on board. The government lacks apparatus at Honolulu to lift the boat, immediately on receipt of the advices from Honolulu the secretary of the navy cabled Admiral Moore a credit of \$20,000 to do the work necessary. The F-4 is about 2,800 yards south-southwest of the lighthouse at the entrance of Honolulu harbor.

Secretary Daniels announced that he had directed Rear Admiral Usher, commanding the New York navy yard, to send at once to Honolulu a number of expert navy divers to aid in the attempt to raise the sunken submarine.

Quite Necessary.

## LARGE CROWD ATTENDS OPEN MEETING HELD BY THE A. I. U.

SERIES OF STRONG ADDRESSES MADE AND LADIES DEGREE STAFF OF CHILLICOTHE CHAPTER CONFERS WORK — HON. JOHN J. LENTZ SPEAKS FOR ONE HOUR ON A. I. U. AND ITS OBJECTS.

Some 300 people gathered at Memorial Hall Wednesday night in response to invitations sent out by the local chapter of the American Insurance Union, with national headquarters at Columbus, Ohio.

Mr. Sidney Bash, deputy organizer called the meeting to order, all joining in the song "Nearer My God to Thee," after which Rev. E. E. Ross, pastor of the Grace church, offered prayer. Mr. Bash then announced that Rev. Ross had been selected as presiding officer for the meeting.

Rev. Ross then introduced Dr. Geo. W. Hoglan, national secretary, who made an interesting address, dwelling upon the mortality side of the organization and other matters along that line. His address was enjoyed and brought out many new features of the order.

Following this Rev. Ross made an exceptionally good introductory address in which he brought before the audience that gray-haired veteran of many battles, in which he valiantly fought for the right, for a better government, for a better manhood and womanhood—the Hon. John J. Lentz, national president of the A. I. U.

Mr. Lentz is one of the founders of the organization and his splendid ideas of patriotism, religion and citizenship have been embodied in the work of the order. He spoke for one hour and held his hearers in close attention.

In glowing words he portrayed the organization of the order 21 years ago, and his hard fight to inculcate into it that which would eventually build a better and higher citizenship, purer homes, healthier children, in fact, a citizenship which might in the end be the envy and admiration of other countries.

His address was a strong one. The exemplification of the ritualistic work by the Ladies' Degree Staff of Chillicothe Chapter No. 165

A. I. U., was a very forceful portrayal and presentation of the most beautiful and cordial virtues of the order, from a patriotic, religious, educational and beneficial point of view. The work by this splendid team of ladies was almost perfect in every particular and brought forth an abundance of praise.

Mr. Miller, a member of the Chillicothe chapter is their efficient drill-master.

A large number from Chillicothe, New Holland, Columbus and Greenfield were present.

Another Passion Week service tonight at the Presbyterian church, at 7:30, and continuing an hour. The pastor preaches on: The Christ of Easter. Come.

## NEW RECORDS ARE SECURED

AND SHIFT MADE AMONG ATHLETIC AND AQUATIC CHAMPIONS OF THE Y. M. C. A. IN EXCITING ANNUAL MEET WEDNESDAY.

New records were made, and new champions as well, in the annual athletic-aquatic meet held at the Y. M. C. A. Wednesday afternoon and evening, by the Junior and Intermediate divisions. The Junior meet was held in the afternoon and the intermediate in the evening, and both drew appreciable crowds of spectators.

Each meet consisted of a program of ten events, including jumping, sprinting and various floor work, and swimming and diving contests in the tank. The first, second and third place contenders in all events are to be presented with diplomas, while the all-around champions are to receive laurel wreaths in addition.

These all-around winners are contestants who have competed successfully in all of the ten events, whether finishing within the diploma winning pale or not, and they are judged according to points.

All around champions in the intermediate meet were George O'Brian, 20 points, first place, and Roy and Slagle, 7 points, second place. Owing to the fact that no other contestant tied successfully in all events no third place championship honors were awarded. Dick Willis and Eddie Evans secured 16½ and 20 points respectively, but Willis was eligible in only 9 contests and Evans in 8.

Among the Juniors, Warren Baker secured the first place in the all-around championship with 8 points, Roy Slagle second, with 7, and Clark Murphy third, with 6.

These all-around winners in both meets will have their pictures hung in the Y. M. C. A. lobby, next to those of the champs of last year. Last year there was but one class of competitors, Slagle winning first, Lewis second and O'Brian third. Lewis did not compete this year.

### FRUIT BUDS SAFE SAYS LOCAL MAN

According to a man who keeps posted as to fruit prospects and conditions generally, the buds of the leading fruits in this section are still safe, and unless the weather proves exceedingly severe from this time forward, practically all buds are expected to pass the danger mark and a monster fruit crop for the coming year is predicted, providing the owners of orchards aid the trees by spraying and otherwise giving proper treatment.

It is believed that the fruit buds have passed through the winter much better than usual, and an abundance of choice fruit in Ohio is expected.

### NORTH STREET DUST ALMOST UNBEARABLE

North street, from the intersection of East to the outskirts near the pumping station, has been so dusty

during the past few days that residents along the street have had difficulty in keeping the flying particles from penetrating to every part of their homes.

The dust, during evenings, has hung suspended over the street until it resembled a fog, and each passing vehicle has added its quota of dust to the cloud.

Other streets have not been far behind North street in disagreeableness.
